[View product online](#)**Description**

The dimmable standard LED bulb is an excellent option for indoor lighting, allowing you to adjust the light intensity according to your needs and preferences. With its A60-style design, this bulb will fit into a wide variety of fixtures and spaces.

This bulb offers TRIAC dimming, which means it's compatible with most dimmer switches available on the market. You can create the perfect atmosphere in your home or office, adjusting the light intensity smoothly and precisely.

With a power of 11W, this bulb provides a brightness of 1200 lumens, efficiently illuminating any space. The E27 socket ensures easy installation and compatibility with a wide range of lamps and sconces.

The dimmable standard LED bulb offers white light with a color temperature of 6000K, providing bright and clear lighting. Whether for detailed tasks, general lighting or brighter environments, this bulb will fit the bill.

With a diameter of Ø60mm and a height of 107mm, this bulb is a standard size to fit most most

luminaires. It comes in a convenient 10-pack, allowing you to have enough bulbs for different spaces or future replacements.
