The PAR38 LED bulb is specially designed for outdoor use. With a power of 15W, this bulb provides efficient and reliable lighting in outdoor areas.

Fitted with a standard E27 socket, its installation is simple and adapts to different types of compatible luminaires. The yellow light color creates a warm and welcoming atmosphere, ideal for decorating outdoor spaces and highlighting specific areas.

With a 120-degree dispersion angle, the PAR38 bulb emits light over a wide range, which makes it perfect for illuminating larger areas and providing even illumination.

The PAR38 LED bulb has a lifespan of approximately 25,000 hours, which means you can enjoy long-lasting, reliable lighting for a long time. Plus, it boasts a Color Rendering Index (CRI) of at least 80Ra, ensuring colors look natural and true-to-life under your light.

With an IP65 protection rating, this bombilla is resistant to dust and water jets, which makes it suitable for outdoor use without worrying about weather conditions. It can withstand harsh conditions and still light effectively.
