Spherical LED bulb 8.5W E27 4200K

Brand: GSC

Reference: GSC 200690046

8.5W E27 4200K spherical LED bulb

Main features:

- G45 type spherical LED bulb
- Designed for indoor use
- Power of 8.5W and brightness of 806 lumens
- E27 socket for easy installation
- Neutral white light at 4200K
- Lighting angle 180° for wide light distribution
- Excellent color rendering with a Color Rendering Index (CRI) greater than or equal to 80
- Long lifespan of up to 20,000 operating hours
- Compatible with 220-240V voltages

[View product online](#)**Description**

The 8.5W E27 4200K spherical LED bulb is an efficient and versatile option for indoor lighting. With its compact design and adequate power, it provides bright and uniform lighting in a wide variety of spaces.

The E27 socket makes it easy to install the bulb in different types of luminaires. With its 4200K neutral white light, it creates a bright, crisp ambience that is ideal for work areas, kitchens, and other areas where brighter lighting is required.

The spherical LED bulb emits light in an angle of 180°, which allows a wide and uniform distribution of lighting throughout the room. In addition, it offers excellent color rendering, bringing out the colors and details of illuminated objects.

With a lifespan of up to 20,000 hours, this spherical LED bulb is durable and reliable, reducing the need for frequent replacement. In addition, it is compatible with 220-240V voltages, ensuring its correct operation in most residential and commercial electrical systems.

Specifications

Opening angle	180º
Cap	E27 - rosca ancha
Energy classification	F
EAN	8433373056961
Turned on (ON/OFF)	15000
Manufacturer	GSC
Weight (kg)	0,03
Adjustable	No
Nominal voltage (V)	230V
Type of lamp	Spherical
Colour temperature	4000K
