Product sheet

Spherical LED bulb 8.5W E27 6000K

Brand: GSC

Reference: GSC 200690047

8.5W E27 6000K spherical LED bulb

Main features:

- G45 type spherical LED bulb
- Designed for indoor use
- Power of 8.5W and brightness of 806 lumens
- E27 socket for easy installation
- Cold white light at 6000K
- Lighting angle 180º for wide light distribution
- Excellent color rendering with a Color Rendering Index (CRI) greater than or equal to 80
- Long lifespan of up to 20,000 operating hours
- Compatible with 220-240V voltages

Description

The 8.5W E27 6000K spherical LED bulb is an ideal choice for interior lighting in spaces that require bright, cool white light. With its compact design and adequate power, it provides efficient and quality lighting.

The E27 socket allows easy installation in different types of luminaires. With its 6000K cool white light, this bulb is perfect for areas where more intense, crisp lighting is needed, such as kitchens, bathrooms, and workspaces.

The spherical LED bulb emits light in a 180º angle, which ensures a wide and uniform distribution of lighting throughout the room. In addition, its excellent color rendering enhances the details and colors of illuminated objects.

With a lifespan of up to 20,000 hours, this spherical LED bulb offers long life and saves the need for frequent replacement. It is compatible with 220-240V voltages, which guarantees its correct operation

in most residential and commercial electrical systems.

Specifications

Opening angle	180º
Cap	E27 - rosca ancha
Energy classification	F
EAN	8433373056978
Turned on (ON/OFF)	15000
Manufacturer	GSC
Weight (kg)	0,036
Adjustable	No
Nominal voltage (V)	230V
Type of lamp	Spherical
Colour temperature	6000K
