The C37 LED candle bulb is an elegant and efficient option to illuminate your interior spaces. With a power of 3W, this bulb emits a brightness of 250 lumens, providing soft and cozy lighting. Its E14 socket makes it compatible with a wide variety of lamps and wall lights, offering quick and easy installation. This LED candle bulb is designed in the shape of a candle to add a touch of style to your spaces. With 3000K warm light, it creates a pleasant and relaxing atmosphere, ideal for living rooms, bedrooms or other areas where cozy lighting is desired. Its compact size, with dimensions of Ø37x100mm, allows it to be easily adapted to different lighting fixtures. The bulb is made of high-quality materials to guarantee its durability and resistance. Its 180-degree lighting angle provides wide coverage and even distribution of light in all directions. In addition, it has a color rendering index (Ra) of at least 80, which means that colors are perceived naturally and true to life. One of the advantages of this LED candle bulb is its long lifespan. Lasting up to 20,000 hours of use, it will give you years of reliable lighting before needing to be replaced. In addition, its 220-240V voltage range allows it to work efficiently in different electrical systems, providing a stable and constant performance. This LED candle bulb is an economical and

environmentally friendly option. Thanks to its low energy consumption LED technology, it will allow you to save on your electricity bill without compromising the quality of lighting. Also, since it does not contain mercury or other toxic elements, it is a safe and ecological option.
