## Dimmable 4W 4000K LED Cabinet Light

Brand: GSC

Reference: GSC 203005001

The **Dimmable LED Cabinet Light** is a versatile and practical lighting solution. With a power of 4W and a useful luminous flux of 280 lumens, this light is perfect for illuminating closets, hallways and small spaces. With its regulation capacity in three intensities and its 3000mAh rechargeable battery, it offers comfort and autonomy. Available in two light temperatures: 4000K (daylight) and cold light.

### Main Technical Characteristics:

- **Power:** 4W
- **Useful luminous flux:** 280Lm
- **Opening angle:** 120°
- **Light temperature:** 4000K (Daylight)
- **Working temperature:** -20°C/+40°C
- **On time:** Less than 0.1 seconds
- **Immediate full light:** 100%
- **CRI (Color Rendering Index):** Greater than or equal to 80
- **Hg (Mercury):** 0.0
- **SDCM (Standard Deviation of Color):** 10
- **On/Off:** 20,000 times
- **Battery:** 3000mAh
- **IP (Intrusion protection):** IP20
- **Life hours:** 30,000 hours
- **Voltage:** 3.7V
- **USB Connection:** Yes
- **USB Charger Included:** Yes
- **Color:** White
- **Material:** PC + ABS + Aluminum

### Description

The Dimmable LED Closet Light is a versatile and practical lighting solution that can improve visibility in a variety of interior spaces, from closets and hallways to garages and darkrooms. Versatility and Dimming: With a power of 4W and a useful luminous flux of 280 lumens, this light provides the perfect amount of illumination for small spaces. What makes it stand out is its ability to regulate in three different intensities (25%, 50%, 100%). You can adjust the intensity according to your needs, making it a versatile option for various applications. Two Light Shades Available: This closet light is available in two temperature temperatures. light: 4000K (daylight) and cold light. You can choose the one that best suits your environment and lighting preferences. Comfort and Autonomy: The cabinet light includes a 3000mAh rechargeable battery that can be charged via USB. With a maximum autonomy of up to 6 hours, you won't have to worry about changing batteries frequently. An on/off button allows for quick and easy control. Easy Installation: The cabinet light comes with a built-in magnet, hanging hook and 3M adhesive tape, making it easy to install. that facilitates its installation in different places. You can mount it on the metal surface with the magnet, hang it with the hook or fix it with the adhesive tape, which makes it adaptable to multiple scenarios. Advanced Technical Characteristics: The light has a lifespan of 30,000 hours, which means it will provide years of reliable lighting with minimal maintenance. With an IP20 rating, it is suitable for indoor use and it will be protected against the intrusion of solid objects. It can be turned on and off up to 20,000 times, which proves its durability and reliability.
