Description

The **Susua tabletop LED Flexo** is the perfect lighting companion for your work or study space. Its modern and elegant design is combined with advanced technical features to give you an exceptional

lighting experience.

High Performance LED Technology: The Susua is equipped with cutting-edge LED technology that offers efficient and powerful lighting. Rated at 6.6W and 400 lumens when used with a diffuser, or 6W and 455 lumens without a diffuser, you can easily adjust the light intensity to your specific needs. Its 120° opening angle ensures uniform light distribution in your work area.

Cold Light for Greater Productivity: The 5000K cold light temperature provides an active environment and dynamic, ideal for study sessions or concentrated work. This color temperature helps maintain high levels of concentration and improves productivity.

Stylish and Functional Design: The Susua features an attractive gray color and is designed to fit perfectly into any around. Its adjustable head allows you to adjust the direction of the light according to your needs. Additionally, its turn-on time of less than 0.5 seconds ensures instant lighting when you need it.

Advanced Technical Features:

- The Susua has a color rendering index (CRI) of ≥80, meaning colors will appear realistically under your light.
- It does not contain mercury (Hg), making it environmentally friendly .
- It can be turned on and off up to 10,000 times, ensuring a long lifespan.
- With an IP20 rating, it is protected against dust and solid intrusions.
- It operates at a voltage of 220-240V and a frequency of 50/60Hz for your convenience.
- It is made of high quality materials, including ABS and metal, to ensure its durability.
- The possibility of orienting the head and its easy assembly make it a versatile and practical accessory.

Specifications

Energy classification	G
Colour	Grey
EAN	8433373059023
Manufacturer	GSC
Measures	90x130x300mm
Weight (kg)	0,775
Battery included	No
Colour temperature	5000
