Description

If you need a safe and efficient means of transport for butane gas cylinders, this cylinder trolley is an excellent option. With its injected wheels, made of high-quality polyamide and fiberglass material, and a load capacity of up to 50 kg, this trolley is strong, durable and easy to use.

The polyamide material and fiberglass used in the manufacture of this bottle holder trolley makes it highly resistant and durable, which guarantees that you can use it for a long time without problems of wear or breakage.

In addition, its wheel design injected provides greater stability, which means that you can transport your butane gas cylinders in complete safety.

The dimensions of this trolley are compatible with most butane gas cylinders available on the market. Its outer diameter is Ø320mm and the inner diameter is Ø240mm.

As for its color, this model is available in orange, which makes it easily identifiable and visible in any environment.

In summary, if you are looking for a butane gas cylinder trolley that is resistant, durable and easy to use, this model is an excellent option. With its injected wheels, its load capacity of up to 50 kg and its design in high-quality material, you will be able to transport your butane gas cylinders with complete safety and confidence.

Technical characteristics:

- Material: polyamide and fiberglass
- Load capacity: up to 50 kg
- Type of wheels: injected
- Colour: orange
- Outer diameter: Ø320mm
- Inner diameter: Ø240mm
