Description

The bamboo bread cutting board is a practical and comfortable solution for cutting bread without dirtying the work surface. This cutting board is made of bamboo, a strong and durable material that will not damage knives and is easy to clean. In addition, bamboo is an ecological and sustainable material, which makes it ideal for those who care about the environment.

The bamboo bread cutting board has a double crumb tray, which allows to collect bread crumbs and other residues that are generated during cutting. This feature makes the board very easy to clean and prevents crumbs from spreading on the work surface.

The dimensions of the board are 360x250x18mm, making it large enough to cut different types of breads. In addition, thanks to its elegant and functional design, the board is very comfortable to use and adapts perfectly to any kitchen.

The bamboo bread cutting board is presented in packaging with the reference 401045001, that protects the table during transport and facilitates its storage. This packaging is resistant and durable, which guarantees that the board arrives in perfect condition at its destination.
