Description

With the Simon 44 Aqua collection, you won't have to worry about your electrical mechanisms in adverse environments. With IP55 for effective protection against dust, water and humidity, the monoblock push button in a discreet gray tone of Simon 44 Aqua, is designed to resist humidity and inclement weather. With a dimension of 84 x 75 mm and a depth of 57.5 mm, it is made up of metallic materials insulated with thermoplastic and trims of the same component to go one step further in the security of your stay; in this case, against a possible fire since it can reach maximum temperatures between -25 and 50 °C. With built-in rocker and illuminated operation, this monoblock pushbutton is compatible with a 250 Volt supply voltage and 10 Amps of intensity (with 10:00 Modulated Amplitude). It also admits a wiring section of 1.5 to 2.5 mm and stripping of 11 mm.

Specifications

Rated current (A)	10
Colour	Grey
EAN	8421053298749
Manufacturer	Simon
