Description

For environments with water, dust or for outdoor areas, the monobloc switch with IP55 protection index of the Simon 44 Aqua collection, guarantees the safety of its electrical mechanisms in adverse weather conditions. Finished in a minimalist gray color, it has a built-in indicator light and quick connection without the need to use additional screw tools. With a dimension of 84 x 75 mm and a depth of 57.5 mm, this switch for 1 element accepts a cable section of 1.5 to 2.5 mm and stripping of 11 mm. In addition, it is compatible with a supply voltage of 250 Volts and 10 AX of intensity. It is made of metallic components with halogen-free insulation and thermoplastic trims, for greater protection in case of fire, since it prevents the propagation of flame and smoke toxicity and allows the assembly to reach maximum temperatures of -25 to 50 ºC.

Specifications

EAN	8421053298770
Manufacturer	Simon
Protection	IP55
Type of installation	Estanco
Piece type	Electrical mechanisms
Series	Simon 44 AQUA
