Description

The Surface Mount Box Practibox S smooth door 1x12 rows is an effective solution for surface mounting. Designed to simplify installation and wiring, this modular box saves assembly time and guarantees a perfect finish in any type of electrical project.

This Practibox S box has a smooth door and is modular, which allows it to be adapted to different space and capacity needs. In addition, this box is designed to resist the ingress of dust and protection against shock, with a degree of protection IP40 IK07 Class II.

The Practibox S surface-mounted box with smooth door 1x12 rows is easy to install and can be It can be used in any type of electrical project, offering great versatility and adaptability. In addition, its box and doors are reversible, which allows easy adaptation to different space and configuration needs.

Finally, this modular box also has a door that opens up to 180º, which makes it easier to access to the electrical components inside the box.

In summary, the Practibox S Surface-mounted Box smooth door 1x12 rows is an effective solution for

surface mounting. With its degree of protection IP40 IK07 Class II, its ease of installation and adaptability, this modular box is an ideal option for any type of electrical project.

Additional technical characteristics:

- Compact and functional design
- High quality and resistant materials
- Possibility of customization according to the needs of the project

Specifications

High	236
Width	328
Colour	White
EAN	3414971218802
Manufacturer	Legrand
Weight (kg)	935,75
Depth	107
Protection	IP40
