Practibox S embedding box smooth door 1x12 rows for prefabricated partitions

Brand: LEGRAND

Reference: LEGRAND 135061

The Recessed Box Practibox S smooth door 1x12mod is a modular box designed for flush mounting in walls with prefabricated partitions. It has a smooth door and is designed to simplify installation and wiring, saving assembly time and guaranteeing a perfect finish.

Main technical characteristics:

- Designed for assembly Embedded in walls with prefabricated partitions
- Smooth door
- IP 40 IK07 Class II
- Fire resistance of 650° in boxes for conventional partitions and 850° in boxes for partitions prefabricated
- Reversible boxes and doors
- Possibility of joining boxes with a specific kit
- The door opens up to 180°

Description

The Recessed Box Practibox S smooth door 1x12mod is an effective solution for recessed mounting in walls with prefabricated partitions. Designed to simplify installation and wiring, this modular box saves assembly time and guarantees a perfect finish in any type of electrical project.

This Practibox S box has a smooth door and is modular, which allows it to be adapted to different space and capacity needs. In addition, this box is designed to resist fire, with a resistance of 650° in boxes for conventional partitions and 850° in boxes for prefabricated partitions. It also has a degree of protection IP 40 IK07 Class II, which guarantees its resistance to the entry of dust and protection against blows.

The Practibox S Flush-fitting Box with smooth door 1x12mod is easy to install and can be It can be used in any type of electrical project, offering great versatility and adaptability. In addition, its box and doors are reversible, which allows easy adaptation to different space and configuration needs.

Finally, this modular box also has the possibility of joining several boxes with a specific kit and its door opens up to 180º, which facilitates access to the electrical components inside the box.

In short, the Practibox S Flush-fitting Box smooth door 1x12mod is an effective solution for flush mounting in walls with precast partitions. With a great resistance to fire, a degree of protection IP 40 IK07 Class II, and its ease of installation and adaptability, this modular box is an ideal option for any type of electrical project.

Additional technical characteristics:

- Compact and functional design
- High-quality and resistant materials
- Easy installation in any type of electrical project
- Possibility customization according to the needs of the project

Specifications

High	235
Width	328
Colour	White
EAN	3414971218727
Manufacturer	Legrand
Weight (kg)	888,25
Depth	102
Protection	IP40
