Description

P5 Threaded Cross - 16 x 1.5 Thread

- Model: P5 Cross
- Thread: 16 x 1.5

The P5 Threaded Cross has three 16 x 1.5 threaded entries and one rotating P5 entry. This product offers an efficient solution for connecting different elements in a piping system, ensuring a secure and long-lasting connection. Its threaded design facilitates installation and allows quick connection between components. The 16 x 1.5 thread ensures a precise and stable fixation, avoiding possible leaks or pressure losses. Manufactured from high quality materials, the P5 Threaded Cross is resistant to corrosion and adverse conditions, making it ideal for industrial or commercial applications where optimal performance is required. With the P5 Threaded Cross, you can be sure of having a reliable and effective product for your piping projects.
