Pneumatic drill

Brand: COFAN

Reference: COF 09000201

Reversible pneumatic drill (left-right rotation). Speed control on the trigger. Durable structure as it is made of a highly resistant material with a special anti-rust and anti-corrosion finish. It is durable and strong enough to withstand intensive use.

- Drill bit [mm]: 1-10
- Working pressure [kg/cm]: 6 .5
- PT air inlet thread: 1/4"
- Air consumption [l/min]: 283
- RPM: 2300

Description

Reversible Pneumatic Drill

- **Drill [mm]:** 1-10
- **Working pressure [kg/cm]:** 6.5
- **PT air inlet thread:** 1/4"
- **Air consumption [l/min]:** 283
- **RPM:** 2300

The Reversible Pneumatic Drill is a high quality tool designed to offer exceptional performance in industrial applications. With a speed control on the trigger and the ability to change the direction of rotation from left to right, this drill is versatile and easy to use. Its durable structure, made of highly resistant material and a special anti-rust and anti-corrosion finish, ensures long life even in demanding work environments. With a drill bit capacity of 1-10mm and a working pressure of 6.5kg/cm, this pneumatic drill is powerful and efficient, with an air consumption of 283 l/min and a rotation speed of 2300 RPM. Get the Reversible Pneumatic Drill and experience the quality and durability in your projects!

Specifications

High	5,50
Width	15,00
EAN	8445187065305
Weight (kg)	1,353
Depth	26,00
