Description

Ex-DIN371 Machine Tap Form B M-5x0.80

This "stainless steel" machine tap is ideal for creating through holes in hard materials such as the stainless steel. Its design allows for precise and efficient threading, and is also suitable for manual use if necessary. With a diameter of M 5 and a pitch of 0.80 mm, this tap guarantees high quality results in threading work. With a total length of 70 mm and a cutting length of 16 mm, it is a versatile and durable tool that will facilitate your threading tasks in resistant materials. Make sure you have the right tap for your threading projects, and trust in the quality and effectiveness of this "inox" machine thread tap.

- Diameter x pitch [mm]: M 5 x 0.80
- L [mm]: 70
- l [mm]: 16
