## Description

**Fixed Polyurethane Wheel Ø100x30mm**

Special fixed polyurethane wheels for forklifts, maintenance, containers, industries, chemicals and public services. Ideal for industrial and domestic applications, these fixed wheels without the possibility of steering can support weights of up to 120 kg. Made from heavy-duty galvanized steel, these wheels are very quiet when traveling over rough areas, making them perfect for environments where discreet operation is required. With a diameter of 100 mm and a width of 30 mm, these wheels feature smooth bearings on the axle for smooth and efficient rolling.

- Diameter: 100 mm
- Width: 30 mm
- Plate measurement: 105 x 80 mm
- Screw measurement: 13 mm
- Total height: 124 mm
- Axis : Plain bearing
- Max. weight: 120 kg
