Product sheet

Torx screwdriver 40 x 150

Brand: COFAN

Reference: COF 09501740

Victoria model torx screwdriver with rear striking plate and total shaft to the end of the handle, with footprint T-8 to T-40 and maximum length of 22 centimeters. The tips are magnetic, which makes it much easier for you to work with small screws. Ideal for mechanical repair, installations and maintenance. The handle has a non-slip and comfortable grip. Made of chrome molybdenum and vanadium steel and the chrome-plated rod ensure the durability of the screwdriver. The thermoplastic rubber handle material ensures slip resistance and high performance of the grip.

- Model: TORX. 40 x 150

Description

Torx screwdriver 40 x 150

The Victoria model torx screwdriver is a high quality tool designed to facilitate your repair, installation and maintenance tasks. With a maximum length of 22 centimeters, this screwdriver features a full shaft to the end of the handle and a footprint ranging from T-8 to T-40, making it versatile and functional for a wide range of applications. The magnetic tips allow you to work with small screws more efficiently, while the non-slip, comfort grip handle ensures safe and comfortable handling. Made of chrome molybdenum and vanadium steel, this screwdriver is durable and resistant, with a chrome-plated rod that ensures its longevity. The thermoplastic rubber handle material provides slip resistance and high grip performance, making this screwdriver an essential tool in your toolbox.
