Description

Standard Hexagonal Key M-10

- **Measurement sw:** 10
- **Length [m]:** 120

Allen keys in standard hexagonal shape. Made of chrome vanadium steel material, these wrenches offer durability and resistance for adjustment and assembly work. With a sw measurement of 10 and a length of 120 meters, they are ideal for applications that require precision and strength. Its hexagonal design allows a secure and firm fit on screws and nuts, preventing slipping and damage to the pieces. Whether for professional or home use, the M-10 Standard Hex Wrench is a must-have tool in any toolbox. Reliable and efficient, these wrenches guarantee optimal performance in every task.
