Description

250 mm Pointed Spring Compass

The 250 mm spring-loaded point compass is a versatile and precise tool for taking measurements and drawing circumference arcs in any material. It has a quick adjustment nut to facilitate its use and guarantee precision in each stroke. One of the points is used as the center of the circumference, while the other is responsible for marking the desired arc. Its black and silver design gives it a professional and modern look. With measurements ranging from 150 mm to 300 mm, this compass adapts to different needs and projects. Whether in the school, artistic or professional field, the Tips 250 mm Spring Compass is an indispensable tool for anyone who requires precise measurements and perfect lines.

- Length: 250 mm
- Color: Black and silver
- Quick adjustment nut
- Sturdy and durable material
- Perfect for taking measurements and drawing circumference arcs
