Product sheet

Universal Extractor 2 Claws 50-160

Brand: COFAN

Reference: COF 09516042

Sliding type or T type bearing extractor with 2 claws and double position. It is made of high quality chrome vanadium hardened steel. This material optimally protects it against corrosion and guarantees a longer service life. We have different measures for all types of needs. This product can be used to remove gears, ball bearings, pulleys, wheels or similar parts, as well as outer rings or drilling bushings. The extractor is reversible and can be used as both an external and internal extractor.

- Length: 3
- A min-max: 50-160
- H max: 150
