Description

Screw adapter Cover with 5mm Magnet.

The magnetic drill adapter is the perfect tool for working with hexagonal screws of different sizes. Accommodating heads from 5mm to 13mm, this adapter is versatile and practical for any DIY or construction project. Its compact and resistant design guarantees a safe and precise grip, making it easier to work in small or difficult-to-access spaces. The magnet built into the cover ensures that the screw stays in place during installation, preventing drops and losses. Made with high quality materials, this adapter is durable and reliable, providing optimal performance with each use.

- Model: ADAPTER/BIT HOLDER
- Measurement: 5 mm
- Holds 5mm to 13mm hex screws
- Compact and sturdy design
- Built-in magnet to keep screw in place
- Made with high quality materials
