Set 8 Pcs Combination Wrenches From 8 To 22

Brand: COFAN

Reference: COF 09602051

Polished combination wrench set, designed to tighten/loosen nuts or hexagonal head screws. The profile with the ratchet mechanism maximizes the contact area with the nut and allows for quick tightening, since the wrench does not have to be replaced each turn. Fixed profile allows for better nut access and tight wear. The ratchet profile teeth allow the wrench to be operated with a 5-degree ratchet angle, making it easier to work in confined areas due to the small space required. This also allows you to increase productivity without wasting time repositioning the key. Chrome vanadium steel provides high strength. The game has different sizes of keys.

Description

Set 8 Pcs Combination Wrenches From 8 to 22

Set of polished combination wrenches, ideal for tightening/loosening nuts or hexagonal head screws. The profile with a ratchet mechanism maximizes the contact area with the nut, allowing quick tightening without the need to reposition the wrench with each turn. The fixed profile allows for easy nut access and tight use, while the ratchet profile teeth allow the wrench to be operated with a 5-degree ratchet angle, ideal for working in confined areas. Made of chrome vanadium steel for high resistance, this set of wrenches has different measurements to adapt to various needs.
