Description

HSS Electromagnetic Drill Bit

- **Length:** 50 mm
- **Diameter:** 37 mm

The Corona HSS electromagnetic drill is a high quality and precision tool, ideal for drilling hard and resistant materials. With a length of 50 mm and a diameter of 37 mm, this drill ensures optimal performance in various industrial applications. Its electromagnetic design allows a safe and stable hold during drilling, avoiding slipping or unwanted movements. Made from high speed steel (HSS), this drill offers excellent wear resistance and long life. Whether for construction, metalworking or carpentry work, the Corona HSS electromagnetic drill is the perfect tool for professionals looking for precise and efficient results in their projects.

Specifications

High	0,10
Width	0,10
