Description

Percussion Hammer Crown 68mm

- **Diameter [mm]:** 68
- **Body Length:** 80

The 68mm Crown Hammer Hammer is a high quality construction tool, designed for precision drilling in hard materials. With a two-piece construction and a special threaded joint, this crown ensures long life and optimal performance. The carbide teeth ensure greater resistance and durability, while the body length of 80mm and the useful length of 70mm allow adequate drilling depth to be achieved. In addition, it has a built-in centering bit for greater precision in the work. The SDS MAX adapter makes it easy to use on compatible hammer hammers, making it a versatile and efficient tool for any construction or renovation project.

Specifications

High	10,00
Width	10,00
EAN	8445187080520
Weight (kg)	1,17
Depth	21,00
