## Description

### SDS Pointer Max 280mm

- **Length:** 280mm
- **Hex. Width:** strong > 18mm

The 280mm SDS Max pointer is an accessory designed for hammers with SDS MAX anchorage. With an 18mm wide cutting edge, this pointer is available in lengths of 280mm, 400mm and 600mm to suit different work needs. Its 18mm hexagonal body guarantees a secure and stable hold during use. This pointer is ideal for demolition and chiseling work on hard materials such as concrete, stone and brick. Its strong and durable design makes it a reliable tool for construction professionals and industrial workers looking for precision and efficiency in their tasks. Make sure you have the 280mm SDS Max pointer to achieve optimal results in your demolition and chiseling projects.
