Description

Asphalt Diamond Blade, Old Concrete 350mm

This diamond blade is designed to cut old concrete and asphalt with efficiency and precision. With a diameter of 350 mm, a 25.4 mm shaft and 7 mm segments, it is a robust and durable tool that guarantees optimal performance in construction and renovation work. Its specialized design allows for clean and fast cuts, facilitating the operator's work and ensuring high quality results. Ideal for professionals looking for a reliable and resistant cutting disc for their civil works or paving projects.

- Diameter [mm]: 350
- Axis [mm]: 25.4
- Segment [mm]: 7
