Description

Retractable Fall arrester Cable 10 M

This retractable fall arrester has a 10 meter long cable and a casing made of high resistance polymer. The $\varnothing 4.5$ mm galvanized steel cable guarantees durability and safety in use. With a brake system that offers an impact force of less than 6 kN and an energy absorber, this personal fall protection equipment is designed to brake and reduce the impact in the event of a fall, protecting the user's body from possible damage. With a maximum load capacity of 140 kg, it is a reliable tool for work at height that requires additional safety measures.

- Weight [kg]: 4.38

Specifications

High	10,10
Width	18,00
EAN	8445187216486
Weight (kg)	4,646

Depth	55,00
