Description

Cold Gloss Galvanized 400ml

The 400 ml zinc silver cold galvanized spray is ideal for metallic coatings both indoors and outdoors. With high resistance and a perfect finish, it is resistant to oil and grease, drying quickly on the surface you impregnate it with. However, it is important to note that it is an extremely flammable spray and can cause serious skin and eye irritation. Additionally, it can cause drowsiness or dizziness and is toxic to aquatic organisms, with long-lasting harmful effects. Therefore, release into the environment should be avoided and kept out of the reach of children. It is recommended to keep away from heat sources, sparks, open flames or hot surfaces, do not smoke and do not spray on an open flame or other ignition

source.
