Description

Graffiti Remover 400 MI is a powerful stripper that effectively and professionally removes paints of all types on a variety of surfaces, such as trains, buses, vehicles, homes, among others. It can be used on materials such as plastics, metals, concrete, stone, wood and glass. Its application is simple: spray it on the affected area and let it act for a few minutes, repeating the operation in the case of particularly resistant paints. It is important to keep in mind that this is an extremely flammable aerosol, so it should only be used outdoors or in well-ventilated places, avoiding its release into the environment. In addition, it is recommended to keep it away from heat sources, sparks, open flames or hot surfaces, and not expose it to temperatures above 50° C/122° F. With a content of 400 ml, this product is an effective solution for removing unwanted graffiti safely and quickly.
