Description

Reflective Paint 400ml

Reflective Paint 400ml is an acrylic reflective spray with glass microspheres that makes any object painted with it visible in the dark when receiving a beam of light. Ideal for painting parts of vehicles, bicycles and motorcycles, as well as for application on polystyrene. Its 400ml capacity allows you to cover a large surface area with a single application. Plus, it's easy to remove from clothing by washing it in hot water. However, caution should be taken when using this product as it is extremely flammable and may cause serious eye irritation, drowsiness, or dizziness. Make your objects visible in the dark with 400ml Reflective Paint!
