Description

Black Anti-heat Paint. 400ml

The 400ml Black Anti-heat Paint is ideal for use on supports exposed to high temperatures, resisting up to 600 °C. This black paint is perfect for applying to exhaust pipes, stoves, boilers, among others. Its high-quality varnish with great coverage capacity is formulated based on modified silicone resins, guaranteeing long-lasting and effective protection. However, it is important to note that this spray is extremely flammable and the container may burst if heated. In addition, it can cause severe skin and eye irritation, drowsiness or dizziness.

- Content: 400 ml
- Color: Black
