Description

Fluoresc Work Marking. Blue 500ml is a fluorescent spray paint designed for professional marking of works, buildings and roads. Available in a 500 ml container, this product has a safe outlet valve and is available in blue, as well as red, yellow and pink. The markings made with this paint are clearly visible for 6-9 months, which guarantees long-term durability. Furthermore, it can be applied even in temperatures down to -20°C, making it ideal for use in tunnels and in the mining sector. However, it is important to note that this spray is extremely flammable and may cause skin irritation, drowsiness or dizziness, so precautions should be taken when using it. In addition, it is harmful to aquatic organisms, so contact with water should be avoided.

- Content: 500 ml
- Color: Blue
- Durability: 6-9 months
- Application temperature: up to -20 °C
- Dangerous components: Hydrocarbons, C6-C7, n-alkanes, isoalkanes, cyclics,
