

## Product sheet

# Polymer Sealant Ms 290ml White

Brand: COFAN

Reference: COF 15500431BL

290 ml MS sealant. Modified silane-based hybrid MS polymer sealant (MS). It is a fast-curing, one-component elastic sealant based on innovative hybrid polymer technology, for interior and exterior applications. It has high elasticity and movement capacity ( $\pm 25\%$ ). Suitable for general sealing in construction, even on wet surfaces, sealing prefabricated concrete, expansion and connection joints on facades, joints between window and door frames, steps, balconies, etc.

- Contains: 290 ml
- Color: White

## Description

### MS Polymer Sealant 290ml White

MS Sealant 290 ml is a modified silane-based hybrid polymer sealant, designed for interior and exterior applications. With high elasticity and movement capacity of  $\pm 25\%$ , this fast-curing one-component sealant is ideal for general sealing in construction. It can be used on wet surfaces, in precast concrete, expansion and connection joints on facades, joints between window and door frames, steps, balconies, among others.

- Contains: 290 ml
- Color: White

## Specifications

|       |      |
|-------|------|
| High  | 5,00 |
| Width | 5,00 |

|             |               |
|-------------|---------------|
| Colour      | White         |
| EAN         | 8445187198119 |
| Weight (kg) | 0,31          |
| Depth       | 23,50         |
