45° Lube Gun

Brand: COFAN

Reference: COF 31001104

High precision lubricant gun to control lubricant flow. It has a rigid 45° anti-drip spout to avoid any leaks. This lubricant gun has an oval gear mechanism for optimal precision at work. It is made of die-cast aluminum. It has a flow rate of up to 30 liters per minute and a maximum working pressure of up to 1,000 psi (70 bars). There is the option of incorporating a highly accurate digital counter with an indicator of the quantity supplied.

- Digital Counter: No

Description

45° Lubricant Gun

The 45° Lubricant Gun is a high precision tool designed to control the flow of lubricant in different industrial applications. Its rigid 45° anti-drip nozzle prevents any loss of lubricant, guaranteeing clean and efficient work. Made of die-cast aluminum, this lubricant gun features an oval gear mechanism that provides optimal precision in lubricant delivery. With a flow rate of up to 30 liters per minute and a maximum working pressure of 1,000 psi (70 bar), this gun is capable of meeting the most demanding lubrication needs. In addition, it offers the option of incorporating a high-precision digital counter with an indicator of the quantity supplied, which facilitates the control and management of the lubricant used.

- High-precision lubricant gun
- Rigid 45° anti-drip spout
- Oval gear mechanism
- Made of die-cast aluminum
- Flow rate up to 30 liters per minute
- Maximum working pressure of 1,000 psi (70 bars)
- Option to incorporate high precision digital counter

Specifications

High	5,50
Width	13,00
EAN	8445187337136
Weight (kg)	1
Depth	27,00
