Description

White Connection Strip (6mm)

The 6mm white connection strip is a device used for the distribution of basic telephony. With 12 terminals for cables from 4 to 16 mm, this strip is ideal for connecting multiple cables safely and efficiently. Its white color gives it a clean and discreet appearance, perfect for indoor installations. With a tightening torque of 0.4 - 1.2 Nm and a capacity of 450 V, this power strip ensures a stable and secure connection for your cables. Its 6mm cable diameter makes it compatible with a wide range of cables used in telephone installations. Whether for home or commercial use, the 6mm White Connection Strip is an excellent option for organizing and distributing your telephone connections in an orderly and reliable manner.
