Description

75 Ohm White Antenna Cable (100 M)

The 75 Ohm White Antenna Cable is a roll of high quality coaxial TV antenna cable, with a length of 100 meters. This cable is designed to provide a stable, high-quality connection between the TV and the antenna socket. With an impedance of 75 ohms and a discreet white color, this cable is ideal for indoor installations where a reliable connection is required to receive television signals.

- Length: 100 meters
- Impedance: 75 ohms
- Color: White
- Quality: High quality
- Use: Connect the TV to the antenna socket
