Description

Classic Sensor Light Bulb E27 9.5w 806lm 4000k

The LED bulb with twilight sensor is perfect for automatically illuminating the rooms in your home when night falls. With a color temperature of 4000k, this bulb turns on automatically when detecting ambient light of less than 20 lux. With an E27 screw, this bulb has a power of 9.5w and emits a total of 806 lumens, providing efficient and bright lighting. Ideal for saving energy and ensuring safety in your home, this bulb is an excellent option to illuminate your spaces automatically and conveniently.

Specifications

High	6,50
