Description

Splice fitting 16 x 1.5 - 14 x 1.5, double male with thread

This double male fitting with thread is ideal for making connections in pipe systems of different diameters . With a 16 x 1.5 thread on one end and a 14 x 1.5 thread on the other, it allows a safe and airtight connection between two pipes with different measurements. Made of high quality materials, it guarantees long life and corrosion resistance. Its compact design makes it easy to install in small spaces, being a practical and efficient solution for your plumbing projects or piping systems.

- Double male fitting with thread
- Thread 1: 16 x 1.5
- Thread 2: 14 x 1.5
- Ideal for making connections in piping systems
- Manufactured with high quality materials
- Corrosion resistant
- Compact design for installations in tight spaces

Specifications

High	3,00
Width	3,00
