Description

The Cofra Ascent S3 SRC safety boot in size 45 complies with the EN ISO 20345:2011 standard and is designed to offer protection and comfort in demanding work environments. Made with a water-repellent leather upper and a breathable fabric outer lining, this boot has a 100% polyester Trti-tex inner lining that is breathable, absorbent and anti-abrasion. The Evanit insole of variable thickness and the dual-density polyurethane sole provide great comfort and resistance to wear. The non-metallic fiberglass toe cap is impact resistant up to 200 J, while the non-metallic anti-puncture insole ensures total protection. With features such as being metal free and antistatic, this boot is an excellent option for those looking for safety and comfort during their workday.

- Standard: EN ISO 20345:2011
- Water-repellent leather upper
