Description

The Jade Surface LED Downlight 18w 3000k-4000k-6500k White 1620lm is an exceptional choice to illuminate your spaces with style and advanced functionality. As part of the JADE series, this round

downlight combines elegant design with cutting-edge technology.

Made of WHITE aluminum and high-quality polycarbonate, this downlight has compact dimensions of 3x22x22 centimeters. It offers a power of 18 watts and emits 1620 lumens of light, ensuring bright and efficient lighting. The highlight is its ability to SELECT BETWEEN THREE LIGHT TEMPERATURES: 3000K (warm light), 4000K (natural light) and 6500K (cool white), allowing you to customize the atmosphere of your space to your preferences.

The Jade Surface LED Downlight also incorporates a TWILIGHT MOTION SENSOR, which has a detection angle of 120 degrees and a range of 3 to 5 meters away. This sensor ensures that the light turns on only when necessary, automatically activating at night when it detects movement in its range. In addition, it turns off after 38 seconds of inactivity, which further improves energy efficiency.
