Continuous Retroreflective Roll 50m White

Brand: COFAN

Reference: COF 199030

V23 reflective adhesive tape intended for contour marking of heavy vehicles such as trucks and trailers. It complies with ECE 104 regulations and is valid for circulation throughout the European Union. This tape can be applied to vehicles with rigid bodies, as well as awnings and tanks. It is highly durable and resistant to mechanical washing, so it is not necessary to seal the edges. Thanks to the latest generation prismatic technology, the tape provides excellent long-distance night visibility. The roll has a length of 50 meters and is available in different colors.

- Measurement: 50 m
- Color: White
