Ceramic Heater Plug with Remote 500W

Brand: COFAN

Reference: COF 41004145

This plug-in ceramic heater has a small, cordless design that allows you to easily take it anywhere. It operates with a power of 500 watts to provide pleasant heat and greater energy savings. The black and white heater is ideal for small spaces, as well as bathrooms, garages or offices, among others. It has an LCD digital screen that clearly shows the adjustable temperature between 15°C and 32°C, as well as a timer of up to 12 hours and a fan. Thanks to the ceramic system powered by PTC technology, the heater heats up very quickly. In addition, it is supplied with a remote control, without batteries included, so you can configure the heater with complete comfort remotely and manually. Made of fireproof ABS material with a metal grille perfect for heat dissipation. It also has an integrated safety system against overheating. It emits a low level of noise. This 230 V-50 Hz heater measures 18 x 11 x 12 cm and weighs 384 grams.

- Power: 230 V-50 Hz
