Description

This multiple base with protection and electrical cable H05VV-F is a practical and safe solution for your electrical connectivity needs in your home or office. It is designed with a focus on user safety and comfort.

One of the standout features of this multi-base is its child protection. Integrated safety mechanisms

prevent children or any foreign objects from accessing the sockets, giving parents and caregivers peace of mind.

The H05VV-F power cord is 1.5 meters long, giving you peace of mind. Allows you to connect your devices in different locations with ease. The cable section is 2P+TT lateral, which ensures efficient power transmission. With a maximum power of 3680W, this multi-dock can power multiple electronic devices at the same time, making it perfect for use in offices, living rooms, bedrooms and other spaces where multiple electrical connectivity is required.

In addition to child protection, this multiple base also has protection against power surges. This means your devices will be protected from voltage fluctuations that could damage them.

Made from high-quality material (PC), this power strip is durable and wear-resistant. You can trust its long-term performance.

Specifications

Colour	White
EAN	8433373074828
Manufacturer	GSC
Length	1.5m
Weight (kg)	0,385
Battery included	No
Maximum power (W)	3680W
Cable cross-section (mm²)	3x1.5
