Description

This H05VV-F power strip with protection and power cord is the perfect choice to ensure safe and convenient power supply in your home or office. It is designed with a focus on user safety and connection versatility.

One of the outstanding features of this multi-base is its child protection, which prevents children or any

foreign objects from being able to access sockets, providing peace of mind for parents and caregivers.

The H05VV-F electrical cable has a length of 1.5 meters, allowing you to connect your devices in different locations without restrictions. The cable section is 2P+TT lateral, which ensures efficient power transmission. With five available outlets, this power strip is capable of powering multiple electronic devices at the same time, making it perfect for use in offices, living rooms, bedrooms, and other spaces where multiple electrical connectivity is required.

In addition to child protection, this multiple base also offers protection against power surges. This means your devices will be protected from voltage fluctuations that could damage them.

Made from high-quality material (PC), this power strip is durable and wear-resistant, ensuring long-term performance .

Specifications

Colour	White
EAN	8433373074835
Manufacturer	GSC
Length	1.5m
Weight (kg)	0,39
Battery included	No
Maximum power (W)	3680W
Cable cross-section (mm²)	3x1.5
