Description

The 2.5 meter Braided Textile Cable in Silver color is the perfect choice for those looking to combine functionality, style and versatility in their lighting and interior decoration projects.

With a length of 2.5 meters, This cable gives you the flexibility to create unique designs in your home, office or commercial space. Its cable diameter of 0.6mm ensures adequate load capacity for pendant lamps, wall sconces and other devices with a maximum power of 60W. Additionally, the cable is designed for indoor use with an IP20 protection rating, making it safe and suitable for applications in closed spaces.

Manufactured following the H03VV-F standard, this cable offers durability and reliability. You can be sure

that it will meet the necessary safety standards and maintain consistent performance over time.

The braided design adds a touch of elegance to your lighting and decoration projects, while the color Silver gives it a modern and versatile look. Whether you want to create a unique pendant lamp or customize your wall sconces, this cable provides you with the perfect foundation for your creative ideas.

It is important to note that this cable operates with a voltage of 220-240V and a frequency of 50/60Hz, which makes it compatible with most standard electrical installations.

Specifications

EAN	8433373076754
Manufacturer	GSC
Weight (kg)	0
Cable cross-section (mm²)	2x0.75
