Description

The Kegla Simple Ceiling Spotlight in nickel color is a refined option to illuminate your interior spaces with style. Its contemporary design adapts perfectly to a variety of decoration styles, adding a touch of elegance.

This spotlight is equipped with a GU10 socket, allowing you to choose from a wide range of bulbs available in the market. Its Ø80mm base ensures a stable and safe installation on your ceiling.

One of the outstanding features of this spotlight is its adjustable capacity, which allows you to direct the light where you need it most. This is ideal for highlighting decorative elements, work areas or creating specific environments in your spaces.

The Kegla Simple Ceiling Spotlight has an IP20 protection rating, which makes it suitable for indoor installations where it is not exposed to moisture. Its metal construction guarantees durability and resistance over time.

It is important to note that the bulb is not included, which gives you the freedom to customize the lighting according to your preferences. With a voltage of 220-240V, its installation is simple and offers efficient and elegant lighting.

Choose the Kegla Simple Ceiling Spotlight in nickel to give your interior spaces elegant and sophisticated lighting. Its timeless design and functionality make it ideal for enhancing the beauty of your environments
