Description

The Kaitola Simple Ceiling Spotlight in black is an elegant option for lighting your interior spaces. Its clean and minimalist design adapts to a wide variety of decoration styles, from modern to classic.

This spotlight uses a GU10 socket, allowing you to choose from a variety of bulbs available on the market. The Ø80mm base ensures a safe and stable installation on your ceiling.

One of the outstanding features of this spotlight is its adjustable capacity, which allows you to direct the light where you need it most. This is ideal for highlighting decorative elements, work areas or creating specific environments in your rooms.

The Kaitola Simple Ceiling Spotlight has an IP20 protection rating, making it suitable for indoor installations where it is not exposed to moisture. Its metal construction guarantees durability and resistance.

It is important to mention that the bulb is not included, allowing you to customize the lighting according to your preferences. With a voltage of 220-240V, its installation is simple and offers effective and versatile lighting.

Opt for the Kaitola Simple Ceiling Spotlight in black to give your interior spaces versatile and elegant lighting. Its timeless design and functionality make it an excellent choice for any environment
