Description

Multidetector PAN Line Finder - Pancontrol

The Pancontrol Multidetector PAN line finder is an essential tool for electricians and professionals who work with alternating current. With a 200A AC digital clamp meter, this device offers a high resolution of 1mA and features a non-contact voltage detector (NCV) for greater work safety. In addition, its 1-pole phase test function with acoustic alarm makes it easy to identify problems in the electrical circuit. The backlit 13mm digital display ensures clear reading in any environment, while automatic range selection and auto shut-off make use even easier and more efficient.

- Clamp 200A AC digital current meter
- 1mA resolution
- Non-contact voltage detector (NCV)
- 1-pole phase test with acoustic alarm
- 13mm digital display with backlight
- Automatic range selection
- Automatic power-off
