Moisture Meter for Wood and Construction Materials - Pancontrol

Brand: PANCONTROL

Reference: EDM 02144

Moisture Meter for Wood and Construction Materials - Pancontrol

- Wood, metal and cable detector
- Finds wooden beams, metal supports and pipes on walls
- Find accidentally plastered socket boxes and distribution boxes
- Red LED and acoustic signal to indicate presence of AC voltage from 100 to 600V
- Non-contact voltage detector (NCV) 125-250V AC
- Automatic disconnection

Description

Moisture Meter for Wood and Construction Materials - Pancontrol

The Pancontrol Multidetector Pan line finder is a versatile and precise tool that allows you to detect wooden beams, supports metal, pipes, socket boxes and distribution boxes plastered on walls. In addition, it has a red LED and an acoustic signal that indicate the presence of AC voltage from 100 to 600V, as well as a non-contact voltage detector (NCV) from 125-250V AC. With its automatic shut-off feature, this detector is safe and easy to use on any construction or renovation project.

- Wood, metal and cable detector
- Finds beams wood, metal supports and pipes on walls
- Red LED and acoustic signal to indicate presence of AC voltage from 100 to 600V
- Non-contact voltage detector (NCV) from 125-250V AC
- Automatic disconnection for greater security

Specifications

Colour	Madera
EAN	9120037334501
Manufacturer	PANCONTROL
Material	Wood
Country of origin	Austria
Weight (kg)	0, 209
